A real man loves his wife, and places his family as the most important thing in life

I'm getting married because I'm in love with a girl and want to spend my life with her. You can't live your life doing what other people want you to or you'll be miserable. At some point you just have to be yourself.

I love you without knowing how, or when, or from where. I love you straightforwardly, without complexities or pride, so I love you because I know no other way than this: where I does not exist, nor you, so close that your hand on my chest is my hand, so close that your eyes close as I fall asleep
